

# RESOURCES

1)Title: **MMASD Dataset (Multimodal Autism Dataset):**

comments : VIDEO FOOTAGE OF AUTISM KIDS <https://github.com/Li-Jicheng/MMASD-A-Multimodal-Dataset-for-Autism-Intervention-Analysis>

## 2)Title: **Autism Screening Adult**

comments:- useful but just need to go through it carefully It has key features as :

Attribute
Age
Gender
Ethnicity
Born with jaundice
Family member with PDD
Who is completing the test
Country of residence
Used the screening app before

link:-

<https://archive.ics.uci.edu/dataset/426/autism+screening+adult>

## 3)Title: **Toddler Autism dataset July 2018.csv(Kaggle Data set)**

comments:- this are features which it has

- **A1\_Score** : I often notice small sounds when others do not.
- **A2\_Score** : I usually concentrate more on the whole picture, rather than the small details.
- **A3\_Score** : I find it easy to do more than one thing at once.
- **A4\_Score** : If there is an interruption, I can switch back to what I was doing very quickly.
- **A5\_Score** : I find it easy to read between the lines when someone is talking to me.
- **A6\_Score** : I know how to tell if someone listening to me is getting bored.
- **A7\_Score** : When I'm reading a story, I find it difficult to work out the character's intention.
- **A8\_Score** : I like to collect information about categories of things (e.g. types of car, types of bird, types of train, types of plant etc).
- **A9\_Score** : I find it easy to work out what someone is thinking or feeling just by looking at their face.
- **A10\_Score** : I find it difficult to work out people's intentions.
- **Age** : Age of the patient in years.
- **Gender** : Gender of the patient.
- **Ethnicity** : Ethnicity of the patient.

Variable in Dataset	Corresponding Q-chat-10-Toddler Features
A1	Does your child look at you when you call his/her name?
A2	How easy is it for you to get eye contact with your child?
A3	Does your child point to indicate that s/he wants something? (e.g. a toy that is  out of reach)
A4	Does your child point to share interest with you? (e.g. poin9ng at an  interes9ng sight)
A5	Does your child pretend? (e.g. care for dolls, talk on a toy phone)
A6	Does your child follow where you're looking?
A7	If you or someone else in the family is visibly upset, does your child show signs  of wan9ng to comfort them? (e.g. stroking hair, hugging them)
A8	Would you describe your child's first words as:
A9	Does your child use simple gestures? (e.g. wave goodbye)
A10	Does your child stare at nothing with no apparent purpose?
